

VILLA ON THE SLOPE

Posted on October 31, 2018 by lykos

PLOT AREA

4010m²

HOUSE

272m²

GROUND FLOOR

136m²

BASEMENT

136m²
(50m² basement main
use)

A stone house luxury home with basement and swimming pool. Initially, the plot seemed difficult to be built on due to its steepness. However, LYKOS has the ability and experience to envision the outcome and enlighten the client to what the result will be in the end of development.

This project showcases the ability of LYKOS to communicate effectively with the client, sharing ideas in master planning and even suggesting materials and detailing in the final touches before completion.
